

REMARKS

This application has been amended in a manner that is believed to place it in condition for allowance.

Claims 27, 44 to 45, 49 to 50, 52 and 57 to 67 are pending in the present application. Claim 51 has been amended to address a formal matter raised in the previous Office Action of November 9, 2005 that was inadvertently not corrected in the last amendment. Claims 32-33, 48 and 53-56 have been canceled. Upon reviewing the claims, it was felt that claims 32-33, 48 and 53-56 could be viewed as being substantial duplicates of claims 45, 49 to 50, 52 and 57-60. Thus, these claims have been canceled and rewritten as new claims 61-67. However, new claims 61-67 are dependent on claim 51. Applicants do not believe that claims 61-67 are substantial duplicates of claim 44 in that claim 51 further recites a "composition", a recitation not provided for in claims 27 or 44.

As requested by the Official Action, applicants submit herewith a new abstract.

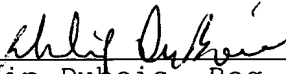

Applicants also submit herewith corrected drawings that are believed to be in compliance with 37 CFR 1.84(e).

In view of the present amendment and the foregoing Remarks, therefore, applicants believe the present application is in condition for allowance at the time of the next Official Action. Allowance and passage to issue on that basis is respectfully requested.

The Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to Deposit Account No. 25-0120 for any additional fees required under 37 C.F.R. § 1.16 or under 37 C.F.R. § 1.17.

Respectfully submitted,
